#### Install-Update ZERO Plan Programs

Back to Partner Homepage »

The ZERO Plan Programs consist of a FormsBuilder which is used to create the ZERO Plan installment agreement and a folder of useful retailer resources such as current fees and guidelines, training material, and much more. After the download is complete two icons will be added to the workstation's desktop to access the down loaded programs.

The ZERO Plan FormsBuilder utilizes the Adobe PDF Fillable Form Technology so your workstation needs to have the Adobe Reader version 9.0 or newer loaded as a program. We have provided a link below to download the current version of Adobe Reader for FREE.

The First Step is to download the Adobe Reader program prior to installation or the update Only if you have a version older than 9.0

The Second Step is to print out the Step By Step Instructions. Click and Print prior to running the program.

The Third Step is to click on the "Download-Update ZERO Plan Programs" link below to begin the download. Any older versions will be removed as part of this update or installation.
